**Chamber moves to temporary location**

The Twentynine Palms Chamber of Commerce is moving! The Board of Directors has made it a priority for the Chamber to have a strong presence in the downtown area to be able to meet and greet visitors to the area and personally refer them to local services and amenities.

During the move from their current office on Civic Center drive behind City hall, the office will be closed on Friday, November 20, as the Chamber moves to a temporary transitional location: the former Desert Experience building at 73491 Twentynine Palms Highway.

The move is a temporary one in that the Chamber of Commerce will be moving again in about 4 months into the new Twentynine Palms Visitors Center Building next to Bucklin Park. The building, 73484 Twentynine Palms Highway, owned by the city of Twentynine Palms, is being refurbished and will eventually become the Chamber's new permanent home sometime in the spring of 2010.

Phone and internet service will be transferred to that location at that time. All messages will be returned on Monday, November 23.
